ABS Plastic Hand Held Enclosures *RH Series*

Key Features:

- Electronic instrument enclosures, ideally suited for mounting printed circuit boards.
- Ergonomically designed for a comfortable fit into the user's hand.
- Lap joint construction provides some protection against dust accumulation and splashing water.
- Removeable front panel for easy modifications.
- Molded in a light grey general purpose ABS plastic with a light texture (material carries a UL flammability rating of UL94 HB).
- Assembled with M3 Philips machine screws, threaded into integral brass bushings. Perfect for applications when repetitive assembly and disassembly are required (except for the two smallest sizes). **RH3115** and the **RH3135** use self tapping M2.6 screws.
- Both top and bottom halves contain P.C. board standoffs molded in (see photos for details).
- The two largest sizes (**RH3185** & **RH3195**) include four self adhesive rubber feet for desktop use.

Assembled
