

**BU-00201-@****(Plunger Clip, Small)**

- The BU-00201 is a small plunger clip that is typically used for testing small electronic components.
- Overall length 1.75" (44mm), overall width 0.55" (14mm)
- Connects to wire via solder connection.
- Material:

Cap, body	Glass-filled nylon
Spring	Stainless-steel
Contact	Beryllium copper
- Rating:

Current	10 Amps
Voltage	1000V
- Color: The "@" in the part number is color.  
Available colors are:      -0 Black,      -2 Red
- RoHS 3 compliant
