

TE CONNECTIVITY'S NEW XFP CAGES

TE Connectivity is now offering new, value engineered cage options for our XFP pluggable I/O product portfolio. These new cages can help lower your system design costs, without sacrificing performance. The full family of XFP cages and plugs feature an intuitive latch design and patented heat sink technology. Heat sinks are available in three standard heights, and are also customizable. The XFP connector is a 30 position PT connector, that uses the same proven design as the SFP connector.
