### Description and Features

| Standard   | Watertight  |
|--|---|
|  <p>5131-038</p>  |  <p>5139-038</p>  |
|  <p>131A-30XX</p> |  <p>139A-40XX</p> |

All dimensions in inches.

The Chicago Miniature Lamp Midget Flange Indicator Lights are versatile, industry standard, front panel indicator lights capable of accepting any T-1 3/4 midget flange base lamp. These high quality indicators provide reliable service in a vast array of commercial and military applications (conforming to MIL-L-3661). Lamps are easily replaced from the front panel. These indicator lights are available in both a standard configuration and a watertight configuration providing reliable status indication in the most demanding of environments. The lamp is not included with this indicator light; please order the required lamp separately.
