

RFID Disk Tag 25mm

These EM-4100 family products are designed to work with our RFID Card Reader (#28140) and RFID Reader USB (#28340) and are considered passive tags. Each tag has a unique 10 digit ID, so multiple tags can be used in a single project and may be purchased from Parallax in any quantity.

Features:

- EM4100 Family Passive Tags
- 125 kHz activating frequency
- Readable from 2 to 5 inches of RFID reader
- Discrete size

Compatible with These Kits:

- RFID Card Reader (Serial)
- RFID Card Reader (USB)
- RFID Read/Write Module (Serial)
