

bussed square corner resistor array

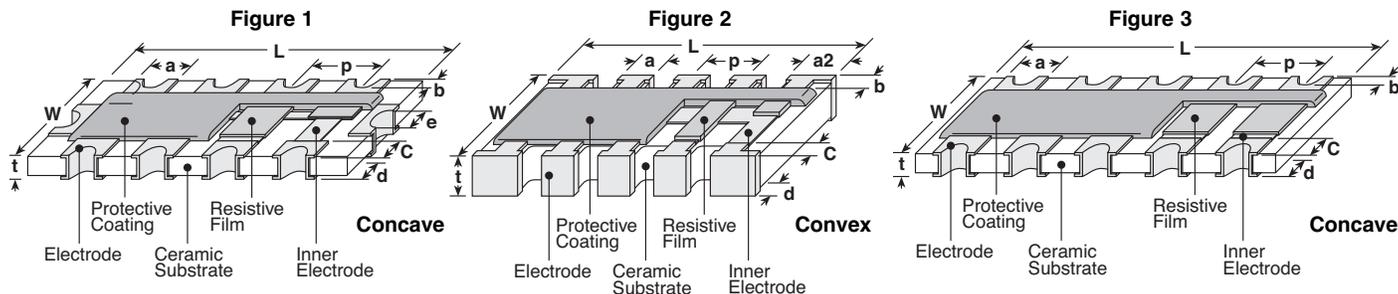

features

- Manufactured to type RK73 standards
- Concave or convex terminations
- Less board space than individual chips
- Eight bussed resistor elements included in one array
- Marking: Marked with resistance value
- Products with lead-free terminations meet EU RoHS requirements. EU RoHS regulation is not intended for Pb-glass contained in electrode, resistor element and glass.

environmental applications

Derating Curve

Circuit Board Application

For resistors operated at an ambient temperature of 70°C or above, a power rating shall be derated in accordance with the above derating curve.
