

RADSOK® PowerBlok™ WTB (Wire to Board)

The Amphenol Industrial Products Group offers a line of low profile wire to board connectors. Our PowerBlok™ WTB power connectors use patented RADSOK® contact technology to meet the increasing power requirements of printed circuit boards and the need for smaller board footprint. Offered in vertical or horizontal mating planes as single-point contact terminals, the WTB product line gives the versatility needed when component placement decisions are crucial. Supplied in easily automated tape-and-reel packaging and designed as pin through hole placement commonly used in the industry. Integration is straightforward whether from design onset or as a component replacement. With the addition of a removable lock housing, mating to the board can remain intact under harsh vibration environments.

Features:

- RADSOK® sizes 2.4mm and 3.6mm
- 35A and 70A rated single point of contact
- Low profile right angle exit less than ½ inch mated height
- 12-14 AWG or 6-8 AWG crimp contact with insulated latching housings
- RADSOK® Socket and pin / silver over nickel plating
- Crimp barrel and receptacle body / tin over nickel plating

Technical Data

RADSOK® Size	2.4mm	3.6mm
Current Rating	35A	70A
Wire Gauge	12-14 AWG	6-8 AWG

10-729455-000
2.4mm cable applied pin

10-729922-000
3.6mm cable applied pin

10-707991-000
2.4mm board mount receptacle

10-729923-000
3.6mm board mount receptacle

Part Number	Description
10-707991-000	2.4mm board mount receptacle
10-729455-000	2.4mm cable applied pin
10-729923-000	3.6mm board mount receptacle
10-729922-000	3.6mm cable applied pin
