

Trace Tech No-Clean Flux Pen

2507

TraceTech board repair system allows any level of technician to quickly perform quality board repairs in-house without the use of expensive equipment or time-consuming and unsightly jumpers. Meets IPC board repair standards. Other TraceTech pens are available to allow quick, convenient, and high quality board repair and rework.

No-clean flux applicator pen for PCB rework and repair

Resin and halide-free no-clean flux has excellent wetting abilities and leave no problematic residues. Excellent for prototyping, rework, and repair and to provide extra wetting for lead-free wire solder.

- Excellent wetting
- Works with lead and lead-free solders
- Non-ozone depleting
- No cleaning necessary if fully activated
- Boost wetting for lead-free wire solder
