

Heavy Duty Steel Knockdown 4-Post Open Frame

Rack *DC4R Series*

Adjustable Depth

The Hammond DC4R Open Rack series is one of the most economical solutions to house servers and other devices in wiring closets or data centers. In situations where the wiring closet itself is under lock and key and accessed by a limited number of people, full cabinets having locking doors and side panels may not be required resulting in a significant cost savings.

Features

- Constructed of 12-gauge steel.
- Available in 24U and 44U and up to 48" in overall depth.
- Two (2) pair of 19" mounting EIA-310-D compliant square-hole rails integrated into DC4R Frame.
- Infinitely adjustable in depth for full installation range.
- Rails include rack unit space marking hole.
- Includes one (1) set of two (2) horizontal cable manager bars [DC4RSHCM](#). Additional cable manager bars available.
- Suggested load capacity of 2,000 lb.
- Finished in smooth black powder paint.
- RoHS EU Directive 2002/95/EC compliant.
- Manufactured by Hammond Manufacturing, an ISO 9001:2008 certified company, located in North America.
