

Quickly and easily protect additional accessories

Bussmann series add-a-fuse holders safely and easily double your fusible circuits.

Product description:

With the Bussmann® series add-a-fuse, you can easily convert an existing fuse holder into two fusible circuits for protecting items such as car stereos, portable navigation systems and other add-on accessories up to 10 amps.

Add-a-fuse help provide a safe, cost-effective alternative to splicing electrical wires, and do not disrupt existing circuits.

The addition of the Bussmann series HHTR and HHLP add-a-fuse holders continue to build on our legacy of offering cutting edge circuit protection technology.

These new add-a-fuse holders tap into the growing demand of using smaller and lighter-weight fuses to reduce the amount of space and weight added to your vehicle when protecting your valuable automotive accessories.

Features and benefits:

- High temperature performance wire rated for 125°C.
- Superior electrical safety by providing a fused circuit for additional loads.
- Environmentally friendly plastic body is free of phosphorous, halogens and heavy metals.
- Quality construction consists of tin-plated copper alloy contacts and 16AWG wire gauge.

Retail packaging:

| Catalog number | Description | UPC | Unit pack | |
|----------------|--|--------------|-----------|------------------------|
| | | | Qty. | Dimensions (HxWxD) |
| BP/HHTR-RP | Adds a 10A max ATR 2-leg micro fuse circuit by inserting into an existing ATR fuse block with 5 inch #16 leadwire and crimp connector - fuses not included | 051712496681 | 1 | 4.75" x 2.75" x 0.088" |
| BP/HHLP-RP | Adds a 10A max low-profile ATM fuse circuit by inserting into an existing ATM fuse block with 5 inch #16 leadwire and crimp connector - fuses not included | 051712496698 | 1 | 4.75" x 2.75" x 0.088" |
| BP/HHH-RP | Adds a 10A max ATM fuse circuit by inserting into an existing ATM fuse block with 5 inch #16 leadwire and crimp connector - fuses not included | 051712182522 | 1 | 4.75" x 2.75" x 0.088" |
| BP/HHA-RP | Adds a 10A max ATC fuse circuit by inserting into an existing ATC fuse block with 5 inch #16 leadwire and crimp connector - fuses not included | 051712182515 | 1 | 4.75" x 2.75" x 0.088" |

Bulk packaging:

Shelf carton (poly bag) qty: 100

Master carton qty: 500

| Catalog number | Description | UPC |
|----------------|-------------------|--------------|
| BK/HHTR | ATR Micro 2-Blade | 051712497503 |
| BK/HHLP | Low-Profile ATM | 051712497510 |
| BK/HHH | ATM Fuse | 051712203982 |
| BK/HHA | ATC Fuse | 051712593564 |

BP/HHTR-RP

ATR 2-leg micro fuse; main fuse at specified circuit rating up to 30A max. Additional circuit up to 10A max.

BP/HHLP-RP

Low-profile ATM fuse; main fuse at specified circuit rating up to 30A max. Additional circuit up to 10A max.

BP/HHH-RP

ATM fuse; main fuse at specified circuit rating up to 30A max. Additional circuit up to 10A max.

BP/HHA-RP

ATC fuse; main fuse at specified circuit rating up to 40A max. Additional circuit up to 10A max.
