A **BELDEN** BRAND

Profibus Signal Cables

0975 254 131

0975 254 131/...M

Single-ended Profibus signal cable, M12 female right angle connector B coded, molded on one side, 360° shielding connected to knurled nut.

0975 254 132

0975 254 132/...M

Single-ended Profibus signal cable, M12 male right angle connector B coded, molded on one side, 360° shielding connected to knurled nut.

0975 254 130

0975 254 130/...M

Double-ended cord set, 360° shielding, M12 male right angle connector to M12 female right angle connector, 5 poles, B-coding.

0975 254 134

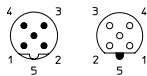

0975 254 134/...M

Double-ended cord set, 360° shielding, M12 male right angle connector to M12 female straight connector, 5 poles, B-coding.

Pin Assignment

M12 male/female connector, 5 poles

1 = n.c.
2 = Line A - green
3 = n.c.
4 = Line B - red
5 = n.c.
