

# UKT0038

## Technical Datasheet

### Features

- 52 Watt foldable solar panel
- Cables to connect solar panels to charger (not included)
- 1000D Cordura zippered carrying bag
- Operator's card for ease of use
- Three camouflage options available

### Benefits

- When paired with charger CH0008 (not included), the UKT0038 allows UBBL06 (LI-145), UBBL06-01 (LI-175) and UBBL08 (LI-80) batteries to be charged safely and efficiently using solar energy

### Applications

- For existing CH0008 customers to convert CH0008 to a solar charger
- For users who require only solar charging for UBBL06 (LI-145), UBBL06-01 (LI-175) and UBBL08 (LI-80) batteries

#### Technical Specifications - Kit

Part No.	UKT0038-XX: Solar Kit without charger (see note)
Weight	Approx. 1.7kg (3.7lb)
Export License	ECCN 3A611.x export license required to export from U.S

#### Technical Specifications - Solar Collector

Rated Power	52W
Operating Voltage	21.6V
Operating Current	2.4A
Weight	1.2kg (2.6lb)
Size	Folded: 26.2cm (10.3in) x 30.7cm (12in) x 5.3cm (2.1in) Unfolded: 198.1cm (78in) x 83.8cm (33in)

#### Included Accessories

Description	4 ft. Solar Panel Cable (4) Stakes Storage Bag Size: 36.19cm (14.25in) x 13.33cm (5.25in) x 31.11cm (12.25in)
