

Eco-Surge 12-Outlet Home/Business Theater Surge Protector, 10-ft. Cord, 3600 Joules - Accommodates 8 Transformers

MODEL NUMBER: TLP1210SATG

Description

The TLP1210SATG offers reliable, green surge technology that protects your A/V installations, the environment and your wallet. The TLP1210SATG offers a unique Netbook switch that allows users to select wattage, so these are the only green surge suppressors compatible with all PCs, Notebooks and Netbooks. Energy-saving outlet configuration reduces energy waste (phantom loads) by cutting AC power to unused peripherals. The TLP1210SATG offers 3600 joules of advanced surge protection for all A/V components. You can see and hear the difference: sharper, crisper video; deeper, fuller audio; longer component life spans. Perfect for small-to-medium home/business theater installations: high-definition TVs, satellite and A/V receivers, DVD/CD players and more. 12 outlets (with transformer spacing and sliding safety covers), 2-line coaxial protection and 1-line tel/modem/Ethernet (100BaseT, high-speed) protection safeguard an entire home/business theater system. Includes two diagnostic LEDs and four status LED indicators, color-coordinated holographic outlet/plug labels, 10-ft. cord with a right-angle plug, 6-ft. coaxial cable and 6-ft. network cable. \$250,000 Ultimate Lifetime Insurance (U.S., Canada, and Puerto Rico only).
