## Subminiature Basic Switches

### ZX Series

# MICRO SWITCH™ ZX Series

## Subminiature Basic Switches

Honeywell's MICRO SWITCH™ ZX Series is a subminiature snap-action switch from the family of Z series subminiature basic switches. Although small in size, the ZX Series is rated for controlling electrical loads ranging from logic-level/computer-based circuits to limited power-duty switching (up to 3 A/125 Vac). The ZX subminiature switch package is available with either solder terminals or a variety of different styles of printed circuit board (PCB) terminals to fulfill the requirements for electrical connectivity.

A wide variety of stainless steel levers are available and when combined with the subminiature package size, can adapt the ZX Series to a wide range of applications. To enhance the versatility of ZX switches, the family is certified to UL, cUL, ENEC, and CQC for worldwide use. The ZX Series is the right choice for a cost-effective subminiature switch package.

### ***What makes our switches better?***

- Designed to operate in a variety of applications
- Current carrying capacity, up to 3 A, allows for a solution in many applications where space is a premium
- Cost-effective switch in a compact package
- Subminiature switch package designed to meet a wide range of temperature requirements

RIGHT SWITCH FOR THE RIGHT APPLICATION  
RELIABILITY • ELECTRICAL RATING

## Features and Benefits

### SMALL PACKAGE SIZE

**Subminiature package size** (6,5 mm x 12,8 mm [0.25 in x 0.50 in]) allows the MICRO SWITCH™ ZX Series switch to fit in applications where other sensors or switches are too large.

### *Enhanced performance in a compact package*

### WELL SUITED FOR POWER-DUTY AND LOGIC-LEVEL LOADS

ZX switch design helps assure control of limited **power-duty switching** with silver contacts or **logic-level** (low voltage, and milliamperes) with gold-plated contacts.

### DESIGN FLEXIBILITY

Designed with a **pin plunger** for actuation, the ZX Series is also available with **various styles of levers**. The optional levers expand the versatility of the switch in the application. In addition, the ZX Series features a **variety of terminations** designed to provide flexibility for the electrical connectivity. Certified to **cUL, UL, ENEC, and CQC** for global applications, as well as RoHS compliant.

### WORLDWIDE AVAILABILITY

Entire family of ZX switches is available worldwide through Honeywell's network.

## Potential Applications

### INDUSTRIAL

- Circuit breaker box module interlock
- Electric utility meter tamper switch
- Tamper switch for computer modules

### COMMERCIAL

- Small residential appliances
- ATM equipment

### MEDICAL

- Hospital bed pendant controls
- Infusion pumps (end of travel)
- Syringes (end of travel)

# ZX Series

## PRODUCT NOMENCLATURE

<b>ZX</b>	<b>10</b>	<b>E</b>	<b>10</b>	<b>A</b>	<b>01</b>	—
Switch Type	Current Rating	Operating Force <sup>3</sup> (at pin plunger)	Terminal Type	Actuator Type <sup>4</sup> (Levers Mounted Internal)	Circuitry	Special Designator <sup>2</sup>
<b>ZX Series</b> Subminiature Basic Switch	<b>10</b> 0.1 A 48 Vdc/125 Vac 0.2 A 60 Vdc gold-plated contacts	<b>C</b> 90 gf max.	<b>10</b> Solder, straight	<b>A</b> Pin plunger	<b>01</b> SPDT	A special designator is used to indicate non-standard features. This code consists of three alphanumeric characters max. A special designator is required when Terminal Type is "99" and/or Actuator Type is "S"
	<b>40</b> 1 A/3 A 125 Vac silver contacts	<b>E</b> 150 gf max.	<b>20</b> PCB (straight)	<b>B</b> Short straight lever (10 mm)		
			<b>30</b> PCB (snap-in)	<b>C</b> Standard straight lever (13 mm)		
			<b>50</b> PCB (right side)	<b>E</b> Sim. roller lever (11,8 mm, r 2,5 mm)		
			<b>60</b> PCB (left side)	<b>F</b> Roller lever (10,7 mm, Ø 4,8 mm)		
			<b>99</b> SPECIAL <sup>2</sup>	<b>G</b> Sim. roller lever (10 mm, r 1,3 mm)		
				<b>H</b> Sim. roller lever (15 mm, r 1,3 mm)		
				<b>J</b> Long straight lever (30 mm)		
				<b>S</b> SPECIAL <sup>2</sup>		

NOTES:

<sup>1</sup> Not all combinations of model code are available.

Please contact your Honeywell provider/representative for assistance.

<sup>2</sup> Actuator Type "99" and/or Actuator Type "S" designates a special and requires a special designator at the end of the listing.

<sup>3</sup> Operating force is measured at the plunger. Adding an actuator/lever will change the operating force. See pages 6 and 7 for operating forces.

<sup>4</sup> Lever length dimension is measured as follows: Straight lever - from center line of lever pivot to end of lever;

Roller and simulated roller lever - from center line of pivot to center of roller diameter. See page 8 for dimension details.

### WARNING

#### PERSONAL INJURY

**DO NOT USE** these products as safety or emergency stop devices or in any other application where failure of the product could result in personal injury.

**Failure to comply with these instructions could result in death or serious injury.**

### WARNING

#### MISUSE OF DOCUMENTATION

- The information presented in this product sheet is for reference only. Do not use this document as a product installation guide.
- Complete installation, operation, and maintenance information is provided in the instructions supplied with each product.

**Failure to comply with these instructions could result in death or serious injury.**

## WARRANTY/REMEDY

Honeywell warrants goods of its manufacture as being free of defective materials and faulty workmanship. Honeywell's standard product warranty applies unless agreed to otherwise by Honeywell in writing; please refer to your order acknowledgement or consult your local sales office for specific warranty details. If warranted goods are returned to Honeywell during the period of coverage, Honeywell will repair or replace, at its option, without charge those items it finds defective. **The foregoing is buyer's sole remedy and is in lieu of all other warranties, expressed or implied, including those of merchantability and fitness for a particular purpose. In no event shall Honeywell be liable for consequential, special, or indirect damages.**

While we provide application assistance personally, through our literature and the Honeywell website, it is up to the customer to determine the suitability of the product in the application.

Specifications may change without notice. The information we supply is believed to be accurate and reliable as of this printing. However, we assume no responsibility for its use.
